

Dear Whom It May Concern,

I am writing to bring to your attention a concern regarding the upcoming sports tournament for our Physical Education subject. While I appreciate the effort and enthusiasm of the organizers, I believe that there are important safety considerations that have not been fully addressed.

Specifically, I am concerned about the fact that some of the sports events will be held in unshaded areas of the school campus, starting at 12 noon (please refer to the copy of schedule attached with this letter). Given the current high temperatures in the Philippines, this creates a risk of heat stroke and other heat-related health issues for the participating students.

Furthermore, I understand that the university has indicated that it will not be responsible for any injuries that occur during the tournament. While I appreciate the need for students to take responsibility for their own safety, I believe that it is important for the university to take steps to minimize risks wherever possible.

I understand that a waiver has been given for parents to sign, and that failure to sign the waiver will result in the inability to participate and receive a grade for the subject. While I appreciate the need for the waiver, I urge the university to take this concern seriously and consider it in planning for future sports tournaments.

Thank you for your attention to this matter.

Sincerely,

Kheil Anthony Cunanan of BS – Computer Engineering 2A
